## **DETAILED ACTION**

### ***Response to Arguments***

Applicant's arguments, see page 1, filed 1/15/2209, with respect to 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement have been fully considered and are persuasive. The rejection of claims 1-5 have been withdrawn.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in an email correspondence with Kia Silverbrook on 1/29/2009.

The application has been amended as follows:

Regarding claim 1, line 10, the claim language "replacing the cradle with a cradle having a plurality of print engine controllers" has been replaced with "replacing the cradle with a cradle having a plurality of said print engine controllers"

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1-5 is the inclusion of the method step of replacing the cradle with a cradle having a plurality of said print engine

controllers. It is this step found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
